#### Voiding/Deleting Registers

The registers for Medical Assistant Series should be voided at the close of business on November 29, 2013. All testing materials related to these titles should be destroyed.

#### Class Specification and Examination Components/Instruments

The revised class specifications and examining instruments for the Medical Assistant Series (Credentials Assessment) will be effective (available per E-Test) December 1, 2013. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at [www.sucss.illinois.gov](http://www.sucss.illinois.gov).

*Please note, the addition of the Certified Medical Assistant has been proposed in part due to new/pending health care regulations. Standard position review process should be used when determining if any current incumbent/position should be delegated to the new class specification).*

#### Pay Rate/Ranges

Where necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

#### Seniority

Seniority calculations should be reviewed and established based on the final classification assignment.
